

Brent Emergency Planning - Household Emergency Procedures

This plan has been designed to help you and your family prepare for an emergency. Hopefully, it will help you to consider the potential dangers in and around your home and put actions and a plan in place to help you stay safe and resilient.

What Are The Potential Dangers

Discuss the dangers you could face. These could include fire, severe weather, floods or other possible emergencies. What action will you take in response to each situation? Put details of these actions in the plan below. If you need some help or are unaware of the risks posed around your home, please refer to the Brent Community Risk Register.

Danger

Danger	Action
Fire	Have you got a plan to evacuate the house? Do you have items to extinguish small fires? For e.g. fire blanket or extinguisher
Snow and Ice - Severe Cold Weather	Have you got an emergency grab bag in your car, have you checked your water pipes, do you have spare warm clothes in your car?

Generally - If the danger is outside – You will be asked to

Go In, Stay In, Tune In

- Close all windows
- Stay there until you are contacted by the emergency services or are told that the emergency is over
- Tune in and listen to the local radio or TV news for updates on the situation
- It may not be safe to collect children from school. Don't panic, schools have emergency plans so pupils will be cared for

If the danger is inside, get out, stay out and call the Emergency Services

EVACUATING YOUR HOME

If you need to evacuate your home, a rest centre will be provided where you will be safe and sheltered. If you choose to make your own arrangements, please let someone know you are safe.

ALWAYS FOLLOW INSTRUCTIONS FROM THE EMERGENCY SERVICES

Where will we meet? If you cannot get home or contact each other pick two places where you can meet. One close by, the other further away in case the emergency is widespread.

Nearby place:

Outside the immediate area:

What if we cannot get there? Choose a nearby friend or relative you can contact

Name:

Address:

Home Phone: Mobile Phone:

Where can we stay? If you have to evacuate could you stay with friends or family. Have two different places.

Name:

Address:

Home Phone: Mobile Phone:

Name:

Address:

Home Phone: Mobile Phone:

Where and how do we turn off the following? Only do this if you have time to do so.

Water:

Gas:

Electricity:

Do any neighbours need your help? Are they elderly or infirm?

Name:

Address:

Home Phone: Mobile Phone:

Name:

Address:

Home Phone: Mobile Phone:

If you have time, secure your premises before you leave. Do not return home until you are told it is safe to do so.

You and your family may also want to consider putting an **ICE (In Case of Emergency) number** in your phone, so the emergency services know who to make contact with, if you are unable to make a call.

Emergency Grab Bag

Put together an emergency bag, it should hold vital information and items that may be useful in an emergency. The bag should be small enough to carry and be stored in a safe and secure place where it can be quickly found and taken during an emergency. The bag should be checked regularly and include:

Things to Consider

Tick

A copy of this emergency plan

Details of regular prescription items for your family – spare items if possible.

Paper copy of useful telephone numbers (e.g. family, friends, insurance company, utilities, doctors etc.)

Mobile phone and charger

Important documents (e.g. passport, insurance certificates etc)

National Health Service numbers

Important computer information stored on a disk or USB

Toiletries

First Aid Kit

Bottles of water

Snack bars / chocolate

Wind up or battery powered radio including spare batteries

Wind up or battery torch with spare batteries

Notebook and pen / pencil

Essential keys (e.g. house / car / work)

Special items e.g. glasses / contact lenses, items for babies, children and disabled

Cash / debit / credit cards

Other items you may need – make a list (e.g. playing cards, children's toys)

Additional Steps You Could Take	
Things to Consider	Tick
Install and regularly check smoke detectors	
Consider installing a carbon monoxide detector	
Does your house flood? Consider which items would need to be moved upstairs in the event of a flood	
Know the quickest route out of your home and neighbourhood	
Put your emergency phone numbers into your mobile phone. Enter them under ICE – In Case of Emergency	
Teach children how and when to call the Emergency Services (999)	

Have sufficient food in your house for three days consider dried, tinned and preserved food stuffs	
Have a first aid kit and make sure everyone in the house knows where it is – update items regularly	
Check the insurance cover for your house and contents is up to date? Are you adequately covered for the risks you face?	
Make sure your child's school has current information about how to reach you. What are their emergency arrangements?	
If you have locking windows ensure that keys are to hand as with keys for locked doors	
Consider the needs of pets or other animals (see below)	
Other information you think might be important	

Emergency Contact Numbers

Keep this list handy and make extra copies if needed. Keep a copy by your home phone and store them in your mobile phones.

Emergency Services	999
Non-emergency Police enquiries	101
NHS 111	111
