

ARCHITECT SELECTION DAY

15th June 2019

Held at Saint Patrick's Church

In line with Brent Council's commitment to a community led approach the two bidding architects presented their previous experience and discussed with residents how they would engage and involve them in the development of the future plans. At the end of the event residents were asked to give feedback on each of the architects. This feedback has informed the final decision on which architect will work with the St Raphael's community.

Brent council would like to thank all the residents that showed up and engaged in this event. Your opinion matters to us and we hope to see you at our next event.

PURPOSE OF EVENT
