Development Vision and Good Growth in Brent

17 Development Vision: Achieving our Potential

Development vision matrix of choices - How strongly do you agree/disagree with the development vision:

Strongly Disagree

Please provide feedback on the vision here::

I don't want more people, Brent is crowded enough. More people = lower standard of living for everyone, more traffic, more waste, more pollution, and the loss of the green spaces we have.

I don't want the parkland to be developed! This is a disgrace. There are too many people in this borough anyway why encourage more, it will just reduce the life quality for the ones already here.

Housing

52 Policy BH1 (increasing housing supply in Brent):

Agreement matrix BH1 - How strongly do you agree/disagree with this policy?:

Strongly disagree

Is not Positively prepared, Is not Justified

For those which have been checked, please state your reasons::

Development should only be of existing substandard sites, not parkland / greenfield. This should be left for residents to enjoy and for nature to still have a home. We didn't choose to live in NW Brent to be surrounded by soulless new build medium and high-rises. The character as a relatively open, suburban family area is at risk with these future plans. More people = lower quality of life. More traffic, more pollution, more packed trains, less peace.
